Accreditation of Medicinal Plants Nurseries

During the 11th Five Year Plan, the National Medicinal Plants Board has an ambitious programme of raising and maintaining nurseries of various important medicinal plant species across the various agro-climatic zones through Model nurseries with proper infrastructure and with linkage to expert institutions. The Board is in the process of identifying and maintaining a directory of such nurseries of medicinal plants for tie with cultivation. Of the identified nurseries, those with proper infrastructure and linkage to R & D institutions are proposed to be accredited to for supply of certified quality planting material. The individual (s)/ Self Help Group (s)/ NGOs/ GOs engaged in raising nurseries of medicinal plants are invited to furnish details on nurseries along with followings to the Chief Executive Officer, National Medicinal Plants Board through Fax/ Email/ Post as early as possible:

- i. Name of the Nursery:
- ii. Name of the Promoter/owner:
- iii. Place :
- iv. District/State:
- v. Full postal address, telephone/fax number and e- mail ID
- vi. Area of nursery :
- vii. Date of nursery establishment :
- viii. Species grown (horticulture/ medicinal/ aromatic etc.) :
- ix. Infrastructure available (polyhouse/ green house/ assured water supply etc.) :
- x. Tie-ups with collaborative agencies/ Research & Development Institutions/ Agricultural Universities, if any :
- xi. Name of Scientists/ Research Faculties involved along with their expertise:
- xii. Capacity of nurseries for raising medicinal plants with details of species
- xiii. Name of improved varieties of medicinal plants, if any :
- xiv. Any other relevant information :
